## CLARESHOLM LOCAL NEWS

Prof. Hooper has moved into the new house on the Demonstration Farm.

Dr. Talbot of Edmonton spent a few days at the Agricultural college this week.

Otis Henry returned this week after spending a month with his relatives in Spokane.

J. G. Ferguson returned last Tuesday from his visit to his parents in Los Angeles, Cal.

A dance is announced to take place in the Shaler school house on Friday night, the 13th.

Mr. Locke will preach a sermon to young men in the Methodist church on Sunday night.

Dr. Tupper recently purchased the quarter section owned by J. W. Stephen northeast of town.

Oliver Mosley is wearing mourning over his left eye through taking a fall on the ice Monday evening.

Nels Thompson and O. D. Walker are leaving for Lethbridge on Saturday to take part in a bowling tournament.

The hockey match between Staveland and Clareholm last Tuesday resulted in a score of 7 to 6 in favor of Staveland.

On Sunday the 22nd in connection with the anniversary services of the Methodist church Rev. Dr. Bland of Calgary will preach morning and evening.

"Blind Husbands," bigger than "The Heart of Humanity" plays Calgary first time on February 9th: will be in Clareholm, at the Rex at an early date. Watch the Calgary papers.

A lantern lecture will be given in connection with the Boys club next Thursday evening in Harrison Hall by R. K. Peck. The subject will be Newfoundland and Labrador. Commences at 8 o'clock. Everybody welcome.

The College Y. M. C. A. held an open meeting last Sunday afternoon in the assembly hall. Two addresses were given by Mrs. McKinney and Mr. Reid, both of which were very interesting and practical. Meetings will be held every Sunday afternoon.

The anniversary supper of the Methodist church will be held next Friday, February 12th. Supper will be served in the Harrison Hall commencing at 6 p.m. After supper a program of music and reading will be given. Arrangements are being made for a real big time.

Owing to the prevalence of scarlet fever and other diseases in Calgary, the great film "Blind Husbands" will not be shown there till a date later than that originally set. It is too big and too high priced a film to take the financial risk of showing it at such a time. All later dates, including Clareholm, will therefore also be set farther in the future accordingly.

The degree team of Foothills Lodge No. 13, I. O. O. F. visited Staveland Lodge on Wednesday night and conferred the first degree on two candidates of that lodge. After the work was completed the Staveland brothers served an excellent lunch, and an enjoyable social hour was spent. The Clareholm team was composed of the following brothers: Mack, Anderson, Ringrose, Morrow, Elgin, Craner, McGregg, Schooley, Moffatt, Fillett, Harrison, Reynolds, Feuresette.

Mr. McConky of the Agricultural College staff gave an interesting and inspiring address at the Methodist church last Sunday night. The church was well filled and the speaker held the attention of his audience from beginning to end. He portrayed the existing conditions in various parts of the world and emphasized the need for leaders to take up the world problems. It would be impossible to paint conditions much darker. Some thought the speaker at times a little too pessimistic, but throughout it all there was a note of optimism when the speaker referred to Christianity as the saving remedy for the world's ills. The choir rendered two anthems during the service which were much appreciated.

## Bowling Match

A very interesting match was played at the Lamb bowling alleys on Wednesday night between Barons first team and Clareholm. Barons copied the first game by 22 pins, but the home team came back strong in the second with a lead of 112 pins, and although losing the third by 64 pins ultimately won by 26 pins. H. A. Moore was high man for Barons with 515, Sid Lamb Lamb being on top for Clareholm with 486.

## THE AUTO TOUR

Calgary, Jan. 31.—The general committee, having charge of the proposed auto tour from Winnipeg to the Canadian Rockies, the latter part of June, held a meeting at the Board of Trade rooms on January 24. After noting the progress already made and being satisfied that the tour would take place and that practically all of the towns along the line were getting in line and are anxious to have the tour take place and promising to enter cars in the run, it was decided to appoint an executive committee with full power to act, composed of James W. Davidson, president of the Calgary Good Roads Association; Chairman C. W. McMillan and E. W. Lent.

The pilot car of the trip has arrived in the city and is now on exhibition in the window of the Oldsmobile agency on Eighth avenue. The car is very attractively decorated with the pennants to be used on the trip.

The committee now have the assurance that more than four hundred cars will go to Banff and Lake Louise on a day more than that will be added before entries for the tour close.

## Government Will Furnish Seed

The following letter has been received from J. D. Smith, Superintendent of the Seed and Weed Branch, Department of Agriculture, Edmonton:

Dear Sir:—In reply to your letter of recent date re seed grain I am instructed to say that distribution will be made to the farmers who lost their crop through drought last year on the following plan: The Dominion Department of Agriculture will furnish seed to homesteaders who have not secured patent to their lands, and the Provincial Department to those who hold patent to land, taking in each case a lien on the land on which seed is sown. Agents of the Provincial Government will take the applications for both Provincial and Dominion advances, and will be sent to the principal points in the various districts, which require assistance, remaining at such points a sufficient time to enable all who wish to meet them. Notice will be given through the local papers of the time when agents will begin work. No application forms will be sent out in advance, but persons who require assistance can write direct to the Seed and Weed Branch, Department of Agriculture, Edmonton, giving the correct description of their land, the amount of seed required, and stating whether they hold patents or are homesteaders. If renters or those holding land on agreement of sale, the owner of the land must either sign the lien or give the person who receives the seed a power of attorney to sign in his stead. Such power of attorney form will be sent on request to those needing same.

Persons needing seed who can buy in their own locality should make arrangements to do so, and orders will be given to the persons they buy from in payment of same, but no orders will be given until all necessary papers are properly completed by the agents of the Department. In Municipal Districts the work of distribution will be entirely in the hands of the Municipal officers and all applications or requests should be sent direct to them. The Provincial Department will only act in the organized districts. Persons farming on land purchased from the Canadian Pacific Railway Company, who do not hold patent to their land, should apply to the said Company for their seed requirements.

Yours truly,  
J. D. Smith,  
Superintendent.

## Claresholm Local News

Sam Hunter is reported very low with pneumonia.

Born, on January 25th, to Mr. and Mrs. C. W. Carney, a daughter.

Jack Lewis and wife were given a charivari on Wednesday night.

Born, to Mr. and Mrs. G. S. Scanan, on Friday January 23rd, a son.

Stanley Darch is on the road to recovery after a very severe illness.

John Cameron of the 44 is spending a few days visiting in Calgary.

Born, to Mr. and Mrs. David McEwan, on Thursday last, a daughter.

Born, to Mr. and Mrs. Wright, on Thursday, January 27, a daughter.

Born, on Wednesday, February 4, to Mr. and Mrs. Ralph Lepard, a son.

On account of sickness in the district the Canford dance has been postponed.

Benson Redfern of Calgary is spending a few days in town visiting his brother.

A "hard time" dance is to be given at the Grain Belt school on Friday evening, February 6.

Mr. and Mrs. Mike Fredericksen entertained the Lutheran Young People's Society Friday evening.

Isaac Lepard has been up north this week looking after his cattle that were shipped there last fall.

Mrs. Martin Matson will entertain the Alberta Sunshine Club on Wednesday afternoon February 11th.

The groundhog failed to see his shadow on the 2nd. According to weather lore this indicates an early spring.

Sam Hunter's garage is reported to have burned on last Saturday evening, with all the contents, including his car.

If in need of glasses, see Dr. Mecklenburg, the ophthalmic specialist, who will be at the Queens Hotel, Claresholm, on Thursday March 4th.

A party of about sixty persons spent Monday evening skating on the Smethdale lake. A sumptuous lunch was served the party by Mrs. Horton and Mrs. John Smedstad.

"Blind Husbands" bigger than "The Heart of Humanity" plays Calgary first time on February 9th; will be in Claresholm, at the Rex at an early date. Watch the Calgary papers.

Manager Edlund states that if the collections at the Wednesday and Thursday night shows are such as to warrant the outlay he will make every effort to procure superior films for these shows so as to make them just as good as possible.

As a precautionary measure, the Board of Health requests that all ladies who are willing to do volunteer nursing report at once to Miss Matthews so that the town may not be caught unprepared in case there should be an outbreak of influenza.

At the Nazarene Mission on Sunday night the subject will be: "The Origin of Sin; or, Why Made the Devil?" The Word of God has survived the vicissitudes of the ages when human foundations have crumbled; it still speaks with authority on every matter that affects human experience; a "sure" word. Come and listen to the word on Sunday night.

Since the warm weather set in the water has been far from good. We have heard considerable complaint from citizens in this matter. Some have stated that the condition is due to an accumulation of filth on the lee above the dam during the winter, which has now become liquified and incorporated with the water. The color, odor and flavor of the water would seem to bear out this rumor. This should by all means be looked into, and if as stated, it should be cleaned out at once.

The Alumni of the School of Agriculture are holding their annual reunion on February 20th. The returned veterans who have been students at the school will be officially welcomed on this occasion.

### Elgin--Lewis

On Thursday, February 5th Ernest Leroy Elgin and Ethel Columbell Lewis were united in marriage in Central Methodist church, Calgary, by Rev. F. W. Locke. They were supported by the bride's brother and his wife, Mr. and Mrs. Oliver Kelly. The newly married pair will spend a short honeymoon at Banff. They have the best wishes of a host of friends.

### Important Notice to Farmers of Southern Alberta

Owing to unfavorable weather conditions of last year, it is advisable that farmers should have their seed grain tested this spring for germinating vitality. Farmers of southern Alberta, south of the main line of the C. P. R., wishing to have seed grain tested, are requested to send a small sample to the School of Agriculture at Claresholm, Alberta, in care of the Principal. Each application will receive as prompt attention as possible.

### Lutheran Services

Divine worship Sunday, Feb. 15th, at 11 o'clock in Lutheran church and at 3 p.m. in the Clear Lake school.

Balfour Luther League meets at the Prairie Dell school on Sunday evening, Feb. 8th.

The Lutheran Y. P. S. will meet at the home of Mr. and Mrs. Nels Dahl on Friday, 8 p.m., February 13th.

A hearty welcome to these services.

H. G. Fatland, Pastor.

## "What Phonograph Shall I Buy?"

How many times, when the subject of purchasing a phonograph or talking machine has come up, have you asked yourself this question?

The Edison tone test answers it for you, completely, convincingly.

Over two million music lovers have been present when this test was being made; and they have realized, as you will realize, that the New Edison alone can actually re-create the human voice and the music of human-played instruments.

It is all-important that you hear

## The NEW EDISON "The Phonograph with a Soul"

because it is the only instrument that re-creates the singer's voice so faithfully that the human ear cannot distinguish the rendition of the artist from that of the New Edison.

The wise way to choose your phonograph is to have the several makes of phonographs and talking machines sent to your home on trial, where you can make direct comparisons among them, and then decide which one you would like to keep--which one you think you would enjoy hearing as much for years from now as you do to-day.

Be your own salesman. Sell a phonograph to yourself. We will gladly send a New Edison to you for the purpose, without obligation on your part.

O. L. Reinecke, - Claresholm, Alta.

## You had better protect your family from the COAL SHORTAGE

by equipping your house with Storm Doors and Storm Windows. Will pay for themselves in one season's saving of fuel. Do not wait until cold weather, but place your orders now.

## Exchange Rate Causes Concern In Great Britain

London.—The renewed slump in exchange is conspicuously featured in morning papers, some of which apply terms as "chaos" and "agony" to the position, which they declare threatens to bring to a standstill international trade, or drive nations back to isolation. Some of the papers advocate a settlement of the difficulty by an international conference, which the bankers recently asked the government to convene, and which, according to some sources, the government had already invited.

Others are not inclined to place faith in such a convention.

The Daily Mail is amongst these. It says: "So far as Great Britain is concerned, there are three obvious remedies, namely, to cease printing paper money, economy and increased production."

The Post deprecates the tendency in some quarters to charge the United States with profiteering when explaining the trouble.

## Undeveloped Wealth In Manitoba

John Morrison Also Urges More Railway Facilities for Natural Resources

Winnipeg.—The value of northern Manitoba in natural resources, in timber, in minerals, water power and fish and the opportunities there were for agricultural development in sections, were laid before the legislature of Manitoba at its last sitting by John Morrison, Rupert Land, who declared that untold wealth was awaiting the advent of capital and railway facilities to be used. He said that Morrison's strong plea for the establishment of a mill for making paper out of pulpwood was regarded as particularly applicable at the present time.

S. M. Hayden also took part in the debate for the adoption and said that the people of Manitoba would welcome the day when the inter-provincial traffic in strong drink was prohibited.

## 9,000 Pensioners Now Affected

Ottawa.—Nearly 9,000 pensioners and dependents are affected by the transfer of payment of British pensions to the Canadian board of pension commissioners which has now been made. The pensioners in receipt of Imperial pensions, however, are still under the office paying Imperial pensions, Ottawa, and must address him in forwarding letters or documents to the Canadian office, which has full control of expenditure, staff, etc., the money in question being forwarded by the British government.

## Italian Strike Near Settlement

London.—An agreement on all the principal points at issue had been reached between the Italian cabinet and the leaders of the striking railwaymen, according to a Central News dispatch from Rome. It is expected the strikers will return to work immediately, the message added.

## Lumber Embargo

Winnipeg.—A committee of the Western Retail Lumbermen's association has been appointed to consider the advisability of requesting a limited embargo on lumber because of the present shortage. Opinion among the delegates on this issue is divided.

## Must Practice Economy Is Warning Given

Toronto.—Sir Edmund Walker, president of the Dominion Bank of Canada, at the annual meeting of the bank here, referred to the numerous warnings given that economy must be practiced in this country, but so far these warnings have not had the slightest effect, Sir Edmund said. Extravagance is the order of the day, and in my opinion will continue to be the order of the day until conditions change and hard times come on us.

Sir Edmund stated that while the past year had been a prosperous one for the banks, the future must cause anxiety at all financial bodies. The exchange conditions were serious,

## Increased Work May Save Germany

Minister of Agriculture Declares That Worst Times Have Yet to Come

Berlin.—We have only arrived at the vale of tears through which we are forced to pass, said the minister of agriculture, Herr Braun, in the Prussian diet in connection with the diet debate.

Worse times are coming, the masses must be told that our only hope is increased work.

The minister then made the startling announcement that Germany would soon arrive at the point where she would be unable to buy anything abroad, but will be wholly dependent upon home production.

## The Whereabouts of Premier Borden

Is Reported to Have Told Jelliffe He Would Stay on His Ship

Ottawa.—It is stated in quarters which are generally accepted as authentic that Sir Robert Borden is now on his way to England with Admiral Jellicoe, or to wherever the former First Sea Lord is going since his plans to visit South Africa were suddenly cancelled. It is said that when Lord Jellicoe's visit to South Africa was cancelled the prime minister stated that he would stay with the ship, wherever she was going.

## Says Flu Danger is Over

Ottawa Physician Thinks There Is No Infection in New York

Ottawa.—There will be no recurrence in this generation of the flu epidemic, said the hospital commissioner of one of Ottawa's foremost physicians, Dr. H. C. Church.

"Chicago and New York haven't got the flu at all," he declared. "The cases reported so faithfully from day to day in such numbers are nothing more than what is popularly known as 'grippe.' The symptoms are no different and the death rate no higher than the old and more familiar affection."

"In my Ottawa practice I do not know of one person who has been attacked with the flu who has had a recurrence. The attack seems to have humanized those who once fell victims and survived while those not attacked were not susceptible to the disease at all."

"This scourge undoubtedly has swept the world in past ages. Its origin is mysterious and its sweep is widespread and disastrous. But a generation or perhaps many generations will elapse before it comes again in the deadly form that it did in 1918."

## Hughes Predicts War in Pacific

London.—W. A. Hughes, Australian prime minister, speaking at Melbourne, said the next war would probably break out in the Pacific, according to a Central News dispatch from Sydney.

"We must be ready with a sufficiently numerous army to say, 'Thus far and no further.' He is quoted as saying: "There is no indication now that nations which last year this country."

ous, he said, and in Canada a large amount of money probably would be withdrawn which had been borrowed from England and Scotland by the various mortgage companies, and loaned on mortgages in this country. "There is no indication now that the money sent back to England to take advantage of the low rate of exchange."

Sir Edmund concluded by saying: "No money can be expected from Great Britain for investment in this country until the exchange conditions change."

## Gompers Condemns Bolsheviks

Says People Are Being Misled By News From Sources Which Are Not Authentic

Washington.—Writing in the current number of the Federationist, organ of the American Federation of Labor, Samuel Gompers condemns Bolshevism "completely, finally and for all time."

Mr. Gompers declares he doubts whether the propaganda which emanates from the Bolshevik organization itself is more effective than that composed by those who claim to be entirely detached from Russian influence and Russian pay rolls.

He says he doubts whether publications issued by Russian Bolshevik agents have as great an effect in this country as those which like to be judged on their own merits, such as the Nation, the Dial, and the New Republic.

Mr. Gompers makes an extended reference to the argument that American people know little about what is going on in Russia, and the argument that it is unfair and unwise to pass judgment.

"All the information necessary," says Mr. Gompers, "to the passing of judgment on Bolshevism and the system of government as a state society is at hand from sources that are authentic. The plea of those misguided persons who say 'wait for facts before passing judgment' is nothing more than an excuse which is intended to gain time for the Russian experiment and enable it to spread to other countries."

## Labor Refuses to Join Nationalists

Official Report of the Parliamentary Delegation Has Now Been Made Public

Belfast.—The official report of the parliamentary delegation which has been investigating conditions in Ireland, declines an alliance with the Nationalist party. It declares the fact that the Nationalists recently advised Irish supporters in Great Britain to vote for Labor candidates means only that the Nationalist party is convinced that the only party ready to give justice to Ireland is the Labor party. The Labor party delegation consists of Arthur Henderson, William Adamson, J. R. Clynes, W. T. Wilson, J. A. Pakenham, and W. R. Smith.

## Disposition of German Vessels By Brazil

Rio Janeiro.—The question of final disposition of the 45 German ships taken over by Brazil during the war, some of which were based in France, is again keenly appealing public attention.

President Pessoa said that this was his personal opinion that Brazil, as a matter of honor and by reason of their signature of the peace treaty, should indemnify Germany to the extent of \$25,000,000 for possession of the ships.

## Passports Refused

London.—The government has refused passports for James Ramsay MacDonald and Charles Robert Boxton to go to Russia as part of a delegation appointed by the International Socialist Congress at Bern.

Decision was taken after consultation by Premier Lloyd George with Premiers Nitti of Italy and Milledand of France.

DOCTORS BIG THREE: "You have a bad Russian disease, Madam." GAMB EUROPE: "Are you going to Geneva?" DOCTORS BIG THREE: "Far better leave it to cure itself!"

## Great Changes Seen In Great Britain

Son of British Premier Says Large Landowners Are Being Eliminated

New York.—That Great Britain is undergoing great economic and political changes during the period of reconstruction following the war, is the opinion of Major Richard Lloyd George, son of the British prime minister, who is in the United States on a business trip.

To the Canadian Press he voiced his regret that his hurried trip to this country on business affairs made it impossible for him to visit Canada. He will sail for home February 14 on the Adriatic.

"One of the most important changes in England," he said, "is the breaking up of our system of large landowners, who are selling their holdings because they are unable to pay the heavy taxes that have been imposed upon them. In the sale of these properties they are receiving the first opportunity of selling to the tenants whose ancestors have been on the land for many generations. By the establishment of money farmers as property owners, we are creating the thirty peasant class in Britain, which has been such a step to France and Belgium in rebuilding these war-damaged countries."

The landowning classes, came in for praise from Major Lloyd George, who said they had made no effort to profiteer during the war and deserved an enormous amount of credit for victory.

As to the feeling in Britain against Soviet Russia, he said:

"Feeling in favor of reopening trade with Russia has been growing for some time and is very strong at present, especially among the laboring classes. But you need attach no importance to a statement by me, I am a business man, not interested in politics. The Labor party in Britain is undoubtedly growing stronger and stronger. It is showing its influence everywhere, especially in the labor-classes. However, no party is strong enough to dominate the government in Britain. Whatever change comes about, the government must continue to be one of coalition, as it has been during the war."

## Condemns Irish Education Bill

Catholic Clergy Describe Measure as a Demoralizing Scheme

Maynooth, Ireland.—Strong condemnation of the proposed Irish education bill was expressed at the assembly here of the cardinals, archbishops and bishops. Speakers denounced the measure as the most demoralizing scheme put forward for Ireland since the act of union. They declared that until Ireland was governed by itself any attempt to abolish the existing boards of education as proposed by this bill would be resisted, as the measure deprived the clergy of control. If it were put in force, it was insisted, it would be the duty of the hierarchy to instruct Catholic parents regarding the education of their children.

## Plan New Cable

Amsterdam.—The Western Union Telegraph Company is planning construction of a direct cable between America and Holland, according to the Handelsblad.

## Big Increase In Immigration During Past Year

## Clemenceau to Visit Egypt and France

Absolutely Sincere in His Decision to Remain in Retirement

Paris.—Former Premier Clemenceau has reserved a stateroom on the steamer Lotus, leaving Marseilles on February 3, bound for Alexandria, Egypt. He is reported to be absolutely sincere in his decision to remain in retirement, and under no consideration to be drawn again into the turmoil of politics. To the editor of L'Homme Libre he remarked the other day, after his defeat in the test vote of parliament on the Presidency of the Republic: "Some persons need a kick, others a kick I am through. My enemies say I received a kick, parliamentary friends a hint. At any rate I am through. I am off for Egypt, there, well, we shall see, perhaps India."

## Russian Army in North-West is Being Disbanded

Astrakhan Cossack Regiment Surrendered Completely to the Bolsheviks

London.—A Moscow wireless reports that an order has been issued for the disbanding of the northwest Russian army. A Kharkov newspaper reports that the first Astrakhan Cossack regiment has surrendered completely to the Bolsheviks.

There is no intention, according to this information, of evacuating Moscow, where the reports of outbreak of plague is being, as well as the rumored revolt of the Reds.

## Weekly New York Air Service

Four Largest Aviation Firms in England Negotiating for Combination

London.—Four of the largest aviation firms in England are negotiating with regard to a combine with the eventual purpose of development of a transatlantic weekly air service. It is said to be the purpose of the combine to purchase all airships which the government does not require for the army and navy. Experiments have been arranged for the early spring, when short trips to Scandinavia and Holland will be attempted, after which an endeavor will be made to put into effect a weekly service to New York, the voyage taking 60 hours.

## Red Star Line Service Resumed

New York.—The full Red Star line transatlantic service, with American steamers Kronland and Finland and the British steamers Labrador and Scotland, will resume after February 25, the International Mercantile Marine company has announced. The Kronland and Finland are being reconditioned in New York shipyards, and the Scotland in England, after serving through the war as transports.

## Dunvegan Line Not Wanted By C. P. R.

E. W. Beatty Declares Company Is Too Heavily Capitalized to Purchase

Calgary.—The Canadian Pacific Railway does not want the Edmonton-Dunvegan railway and has no intention of purchasing it from the McArthur interests, said President E. W. Beatty, of the C.P.R., who stopped off here for a short time on his return from the Pacific Coast, and on his way to Edmonton. The president said the railway, with its northern route, was too high, and there were other features that made it undesirable for the C.P.R. to consider.

A Grand Prairie delegation was here to interview the president and suggest that the provincial government force the sale on the road, and allow the C.P.R. to purchase it then. President Beatty refused to discuss the matter, but North Bay, stating that it view of a possible second inquiry, it would be out of place to say anything.

## Peace With Soviet Russia Urged by Labor

## Former Kaiser Receives Congratulations

Two Huge Carloads of Flowers and Other Gifts on His Birthday Anniversary

Amsterdam.—The staff of the Amstergem telegraph office was increased in order to handle the flood of telegrams following by former Emperor William of Germany on the occasion of his birthday.

Two huge carloads of flowers and other gifts were delivered to the Kaiser's castle, where the one-time emperor is domiciled.

The Queen's commission for the dispatch of Utrecht, who arrived in Amsterdam during the afternoon called at the castle. The celebration inside the castle was a quiet one.

—The World, London, Eng.

Ottawa.—Immigration to Canada for the calendar year 1919 totalled 117,631, an increase of 67,393 over 1918, or 134 per cent. Of the 117,631 new settlers who entered the Dominion last year, 57,221 were from the British Isles and principally soldiers' dependents; 52,064 from the United States, and the balance of 8,318 from other countries.

In 1918 the totals were: British Isles, 44,441; United States, 40,194; other countries, 5,992. Immigrants from the United States, the majority of whom were of the farming class, brought with them into this country cash and effects amounting to \$18,419,400, compared with \$7,251,040 in 1918.

The Americans who took up residence in Canada last year, Alberta attracted more than any other province. The number who went there was 12,881; Ontario took 12,693; Saskatchewan, 8,672; Quebec, 6,617; Manitoba, 4,465; British Columbia, 3,601; Maritime Provinces, 2,593, and the Yukon territory, 140.

Ontario was the favorite province for those coming from the United States, receiving a total of 23,914. British Columbia came next with 8,346; Manitoba, 5,918; Alberta, 5,867; Quebec, 5,212; Saskatchewan, 3,877; Maritime Provinces, 2,699, and Yukon territory, 140.

Last year 20,231 persons were rejected as unable to comply with the immigration regulations. The increase in rejections at border points was 132 per cent. over 1918; at ocean ports the rejections last year were 497, compared with only 23 in the previous year.

Deportations at points on the boundary between Canada and the United States fell off last year, the figures being 1919 and 1918 in 1918. At ocean ports there were 203 deportations in 1919 as against 139 in 1918, an increase of 56 per cent.

## Peace With Soviet Russia Urged by Labor

London.—Complete and immediate peace for Soviet Russia is declared necessary in a manifesto signed by 18 prominent Labor leaders, including John Robert Clynes, former food controller; James Henry Thomas, general secretary of the National Union of Railwaymen; and William Bruce, miners' leader.

The signatories assert that they do not adhere to the political and social theories on which the Soviet government is based, but contend that a continuance of the state of war is inhuman and that the course of least risk all round is peace. They maintain that if the Soviet government is merely imposing its power on the Russian people by tyranny, it is because the people are covered by privation and hunger, and that these conditions will be perpetuated by a state of war, the horrors of which will fall, not upon the tyrannical government, but upon the peasants, women and children.

## Calgary's Oil And Gas Production

### High Grade Gasoline May Be Produced in the Calgary

Extensive developments in the holdings and production of the Calgary Petroleum Products, Ltd., were forecasted by the directors' report, which was presented to the annual meeting of the shareholders held at Calgary last week. A. W. Dingman, managing director, said that indications were received from the oil country to the effect that money for development would be available, and that an effort was being made to interest the Imperial Oil Co. in the gasoline extraction plant. Several hundred thousand dollars were required for proper development.

Mr. Dingman also advised that there were prospects of making arrangements with the city of Calgary or the Calgary Gas Company for manufacturing the residue gas, and that something should be done to conserve the residue gas. Well No. 3, he said, was sunk to a depth of 500 feet, and it was expected to strike gas soon. "From the results so far obtained," says the report, "by the operation of the absorption or extraction plant, it would appear that the reaction of high grade gasoline from the gas which may be produced in the Calgary field is an economic proposition of some moment."

## Prevent Chaps

Use warm water and Baby's Own Soap. Wash in warm water with Baby's Own Soap—rinse well and dry perfectly—and your skin will be soft and never chap.

## Coughs and Colds Mean Bad Sleep

Which sleep the victim? During the night, when you are aching with colds, coughs, and sore throats, you will find it impossible to sleep. You will find it impossible to sleep. You will find it impossible to sleep.

## GRAY'S SYRUP OF RED SPRUCE GUM

Prepared by J. W. Watson, M.D., New York, N.Y.

## Cook's Cotton Root Compound

America's reliable remedy for all skin diseases. It is the only remedy that will cure all skin diseases. It is the only remedy that will cure all skin diseases.

## Must Prepare for War

Foeh Maintains Measure of Prudence Is Important.

Preparation for war is urged as a measure of prudence by Marshall Foeh in an interview in the Exhibition. War is no longer an art, he said, but a science and industry, and the French can learn much from a study of the works of Germans.

"The lesson which France and the world should draw from the war is the lesson of prudence," the marshal said. "With the least wisdom in the world, war is not always avoidable. It can break on the frontiers of the most pacific people—perhaps most easily on those frontiers. It would be fatal to believe that one will not have to fight because one does not wish to fight. It is needs two for a fight, one alone is enough to be beaten."

"The eternal mindlessness of things" would often be more appropriate.

## MINARD'S LINIMENT

Minard's Liniment is a sure cure for all rheumatism, neuralgia, and all other pains. It is the only remedy that will cure all these ailments.

## Prize Albert Bank Clearings Still Increase

The Prince Albert bank clearing for the week ending January 13 amounted to \$531,687.62. The clearings for the corresponding week of last year were \$185,912.91, or approximately 54 per cent. so far this year.

## Quality Counts in Coal Oil

No oil but the best is good enough. Every occasion calls for quality. A clean, refined oil that burns without smoke, that gives little waste to the last drop—the oil that is chosen for your engine, heater, lamp, tractor or stationary engine.

## IMPERIAL OIL LIMITED

Power, Heat, Light, Fuel Station

Branches in all cities.

## Will Keep Alive Memory of Crimes

A French society called "La Ligue Souveraine" (The League of Recollection) is trying to keep alive the memory of German crimes committed during the war. By posters, pamphlets, pictorial stamps and lectures it conducts an anti-German campaign throughout the world. Branches have been established in Uruguay, Argentina, Brazil, the United States, and other countries in North and South America. In all, the society counts as many as 33,000 members.

## KEEP HEALTHY DURING WINTER

Colds and Diseases May Be Avoided If the Blood Is Kept Pure

Do not let your blood get this winter. For people who have a tendency towards anemia, or bloodlessness, winter is a trying season. Lack of exercise and fresh air, and the more restricted diet, are among the many things that contribute to the thinning of the blood and deplete the blood.

As soon as you notice the tired feeling, lack of appetite and shortness of breath, the time is coming when the blood, take a short course of treatment with Dr. Williams' Pink Pills. Do not wait until the color has entirely left your cheeks until your lips are white and your eyes dull. It is so much easier to correct the condition of the blood in the winter than later. This is well illustrated in the case of Mrs. E. Williams, Pink Pills, who writes: "I take great pleasure in letting you know the benefit I have found in the use of Dr. Williams' Pink Pills. I was in an anemic condition, and was very weak and run down. The last winter I had my head aches, and it was with difficulty that I did household work. I was advised to try Dr. Williams' Pink Pills. I took one of four boxes I felt like a new person. In fact, my system seemed filled with new strength. I am now able to do all my household work, and I strongly recommend this medicine to all who feel weak and run down. The purpose of Dr. Williams' Pink Pills is to build up the blood. This is one thing that they do well. They are for the reason an invaluable remedy in diseases arising from poor or deficient blood, as rheumatism, neuralgia, after-effects of the grip or fever. The pills are guaranteed to be free from opiates or any harmful drug and cannot injure the most delicate system."

You can procure Dr. Williams' Pink Pills through any dealer in medicine, or you may write to the Dr. Williams' Medicine Co., Brockville, Ont.

## Million Dollar Deal In Wheat

An export permit has been issued for 200,000 bushels of Alberta wheat for shipment to the United States, says the *Edmonton Herald*. Most of it is expected to go to Montana via Lettbridge and Co. This wheat was purchased by a Montana elevator company for distribution to farmers from its live elevators. The price is understood to have been \$3.25 per bushel, so that the deal represents practically a million dollars. It will take about two hundred cars, or five trains, to move the grain.

Politics is like an air cushion—there may be nothing in it but it keeps the poor wretched—Anon.

It is easier to be wrong than it is to be President.

## A Problem for the Editor

It has been asked whether stepping on a man's corn gives protection for answering. Answer: Keep the toes clear of the paper by using Pinette's Corn Extractor. It's the best, 25c. at all dealers.

## Farm Land Values Increasing

High Prices Are Paid for Alberta Farm Lands.

The assertion that the price of \$140 an acre paid for 600 acres of land near Noholwood, Alberta, last week, was a record price for Alberta land has brought several instances from correspondents of equally high prices having been paid during the last two years.

In the spring of 1918, E. A. Grant sold William Buxton 67 acres of land adjoining the town of Barons, Alberta, at \$100 an acre. The same spring, C. W. Voth, of Barons, sold Spruce Trussard 145 acres near the town at \$100 an acre, the cash payment being \$5000. In 1919, John Warnock, of Barons, purchased a half section near the town at \$100 an acre, the cash payment being \$5000. Still another deal was made whereby A. C. McLaughlin, of Barons, bought 45 acres at \$118 an acre. W. A. Moore, of Barons, has had two offers of \$100 each for his land, with cash payment of \$25,000.

W. N. U. 1921

## Filipinos Anxious To Get Education

Voluntarily Contribute Annually For Support of Educational Institutions.

Native Filipinos are so desirous of obtaining education that 700,000 children, or one-half of all the children of school age—from 6 to 18 years—are enrolled in the public schools of the islands, according to J. W. Oborner, chief of the academic division of the Bureau of Education of the Philippines.

"We have not been able to make education compulsory," said Mr. Oborner, "because we have been unable to supply schools fast enough to give a place for every child of school age, but for that we have more than 700,000 pupils in regular attendance, about half the number of children from 6 to 18 years of age in the islands, and I believe 90 per cent. of the remaining 700,000 would go to the schools if we had the buildings and teachers with which to receive them, so anxious are all the Filipinos, grown-up and children alike to obtain an education."

Our last legislative appropriation, \$15,000,000 to be used entirely for educational purposes within the next five years. The schools outside of Manila, where there is a large and steadily increasing foreign population, are attended almost exclusively by native children; and the Filipinos voluntarily contribute hundreds of thousands of dollars annually for the support of these educational institutions. The schools of the islands include 5,000 primary schools, 700 intermediate and 100 high schools. In addition, there are two colleges."

## GIRLS! DRAW A MOIST CLOTH THROUGH HAIR

Let "Danderine" save your hair and double its beauty

Oh, girls, such an abundance of thick, heavy, invigorated hair, a perfect mass of wavy, silky hair, glossy, fluffy, bright and so easy to manage. The moisture that a little "Danderine" and carefully drawn through your hair is not left brittle, dry, frayed or faded, but charmingly soft, wavy, bright, gleaming and so easy to manage. The youthful girls, this hair, again in your hair. "Danderine" is a white-beautifier. Besides doubling the beauty of the hair at the roots, it checks dandruff and stops falling hair. Get delightful results from the use of this hair oil or toilet cream and use it on a dressing and invigorator as told on bottle.

## Alberta Irrigation Farmers Successful

Farmers on irrigated land in Alberta have had an opportunity of showing their products beside those of farmers in the irrigated districts of Idaho with a result very favorable to the farmers of Alberta.

In an exhibition of irrigated crops held at Pocatello, Idaho, they won first prize for oats, field peas, garden beans, red clover and sheep of white, and second prize for white clover. The successful competitors were A. Garrow, R. B. Sangster, Don H. Bark and the Federal Land Company, all of Brooks, Alberta.

## "SYRUP OF FIGS"

CHILD'S LAXATIVE

Look at tongue! Remove poisons from little stomach, liver and bowels

Accept "California" Syrup of Figs only for the name California on the package, then you are sure your child will receive the best and most harmless laxative or physic for the little stomach, liver and bowels. Children love its delicious fruit taste. Full directions (or child's dose) on each bottle. Give it without fear. Mothers! You must say "California."

## Manitoba Credits Scheme

The Director of the Rural Credits Act for the province of Manitoba has predicted that the 59 Rural Credit Societies in the province of Manitoba will lend \$3,000,000 during this year. He further states that as the prosperity of this province depends upon the agricultural returns, the loans will benefit everyone in the province by increasing the agricultural production. The loans granted through the Rural Credits in 1919 totalled \$1,000,000. For three times that amount is loaned in 1920 it will speak very well for the success of the Rural Credits Scheme.

Manitoba has 44 creameries with a total milk and cream shipments of \$2,000,000. The total value of dairy products for the year 1919 amounted to \$16,789,892.25.

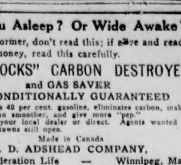

## Old Age Deferred

BY DR. LEE H. SMITH.

Business men who must speed up the works and make business boom during these days—after the war—must recognize the necessity of keeping fit. When mind is befogged, when you have dull headaches or feel foggy, when not "up to snuff," keep the bowels free with a mild laxative. In the morning take a tepid sponge bath (cold water may be used if it does not hurt), follow with a brisk rub down; a sufficient "setting up" exercise in good air until you are in a warm glow. Have you tried it lately?

Don't let the poisons accumulate in the intestines either, but try a dose of castor oil the first thing on arising, or a pleasant laxative occasionally, such as one more up of May-apple, alone and joined rolled into a tiny sugar-coated pill, and sold in every drug store as Dr. Pierce's Pleasant Pellets. Then a cup of hot water before breakfast, and you'll feel better than a king! If you continue in life thus, you can pass a Life Insurance examination at fifty.

If you wish to prevent old age coming on too soon, or if you want to increase your chances for a long life, you should drink plenty of soft (rain) or distilled water daily between meals. Then procure at the drug store Dr. Finner's Anurie (anti-uric acid). This "Anurie" drives the uric acid out and relieves backache and rheumatism, as well as kidney trouble. Anurie dissolves uric acid as hot tea dissolves sugar.

## THE NEW FRENCH REMEDY

THERAPY No. 1  
THERAPY No. 2

Dr. J. B. MARTIN, CHIEF OF THE FRENCH REMEDY, has been successful in curing many cases of rheumatism, neuralgia, and all other pains. It is the only remedy that will cure all these ailments.

## DO YOU WANT TO KNOW

the facts about DIPHTHERIA (CATTLE)? The best remedy for this disease is "CATTLE" and "CATTLE" is the only remedy that will cure all these ailments.

W. A. GROVES, CHIEF OF THE FRENCH REMEDY, has been successful in curing many cases of rheumatism, neuralgia, and all other pains. It is the only remedy that will cure all these ailments.

## CHOICE SILVER BLACK

Breeding flocks. Instructions. Reid Bros., Rothwell, Ont., Canada.

## MONEY ORDERS

Houston Express Money Orders are on hand in five thousand dollar amounts.

## The Bachelor

Nearly every young man who is at all promising is soon landed by some woman. When a man remains a bachelor, it usually means that there is something wrong with him, and that women do not put their minds to catching him.

## Catarhal Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure Catarhal Deafness, that is, by using Dr. Williams' Pink Pills for Pale People. Many cases of Deafness are cured by this medicine. It is the only remedy that will cure all these ailments.

Many a man's success is due to the fact that he went ahead first and made it right afterward.

## Minard's Liniment Cures Cuts, Etc.

The man who owns a paste-dental doesn't necessarily as Irishman just because he wears a sham-rock.

Some people grumble because they can find nothing to grumble at.

Insure your farm buildings in the Farmers' Company. \$1.20 per \$100.00 for three years insurance.—Fraser & Peck.

See Fraser & Peck if you need a loan to help you through these hard times.

Neidpath Farm  
Near Stratford, Ont.

Dear Sir:—

The Delco-Light Plant you sold me to light my farm has not only given us the pleasure and convenience of electric light in all our buildings, but it is rapidly paying for itself in the work it does.

It would be a good investment for us aside from the lighting altogether. So far, we have found 16 jobs for Delco on our farm, and we are constantly finding new jobs for it. We are using power from Delco-Light to run:—

- |                             |  |
|-----------------------------|--|
| (1) 3-unit milking machine. | (10) Vacuum cleaner.                                   |
| (2) Cream separator.        | (11) Electric iron.                                    |
| (3) The pump in the dairy.  | (12) Toaster.  |
| (4) Root pulper.            | (13) Charging batteries on our motor car.              |
| (5) Emery stone.            | (14) Pumping water for household use.                  |
| (6) Horse clippers.         | (15) Lighting our home, stable, outbuildings and yard. |
| (7) Sheep-shearing machine. | (16) Violet ray generator.                             |
| (8) Fanning mill.           |  |
| (9) Washing machine.        |  |

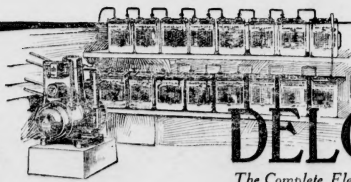

We have never figured this work down to so many hours per day, but we do know that we can operate the farm with one less man than we used to. Figure out the wages and board of a farm hand and you can see what the Delco-Light plant saves us.

We used to run a gas engine on the milker and cream separator, at a cost of 10 cents a day. Our Delco-Light plant supplying light and power for the whole farm costs only 7 cents a day.

It would not only be a harder proposition to run our farm without Delco-Light, but it would cost us a lot more money. We have no hesitation in recommending any farmer to harness up his farm to Delco-Light.

Yours truly,

(Signed) W. W. Ballantyne
